A Gantt chart illustrating task scheduling from November 25 to December 14. The chart is organized into five columns representing weekly periods: Nov 25, 16 Nov 25, 23 Nov 25, 30 Nov 25, 7 Dec 25, and 14 Dec 25. Each column contains a grid of days (M, T, W, T, F, S) and specific times (S, M, T, W, T, F, S). Red bars represent tasks: a long bar from Nov 25 to Nov 27, a shorter bar from Nov 27 to Nov 28, and a very short bar from Nov 28 to Nov 29. Arrows show dependencies: one arrow points from the end of the first bar to the start of the second, and another from the start of the second bar to the start of the third.
